

DESHABANDHU MAHAVIDYALAYA

Title of the Event:

Celebration of World Ozone Day, 2025

Date of Event:

16.09.2025

Organized By (Department/Cell/Committee):

Department of Geography

Number of Participants:

48

Name of the Resource Person/s (Not applicable for field-based activities):

NA

A Brief Report (Minimum 300 Words)

(Narrate the summary of the seminar/lecture/workshop or field-based activity. Include: purpose of the event, major themes discussed, methodology used, key insights, student participation, outcomes, and benefits for students or society.)

The Department of Geography, in collaboration with the Internal Quality Assurance Cell (IQAC), celebrated World Ozone Day on 16th September 2025 with the objective of creating awareness about the importance of the ozone layer and promoting environmental responsibility among students. The event aimed to sensitize students to global environmental challenges and encourage informed discussion on sustainable environmental management.

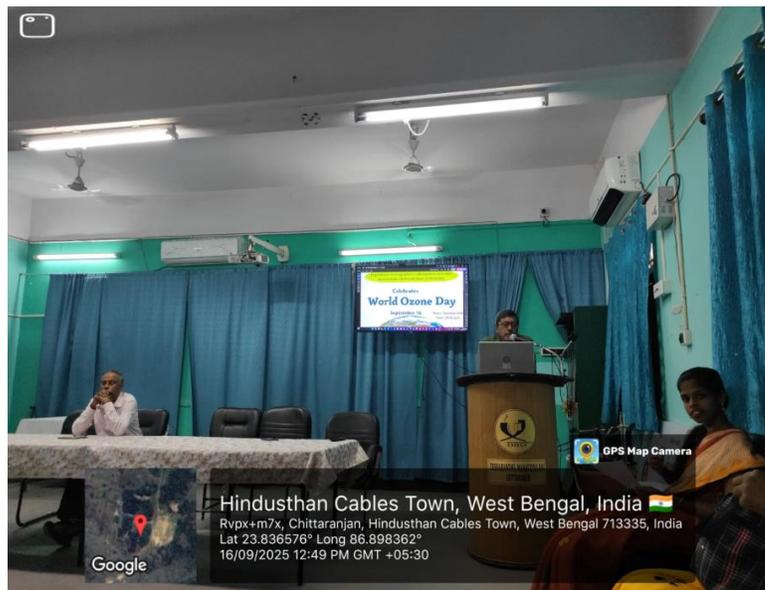

The programme focused on key themes such as protection of the ozone layer, causes and impacts of ozone depletion, the role of awareness campaigns in shaping public behavior, and the effectiveness of strict environmental policies. These themes were addressed through a poster competition, poster presentations, and a debate competition.

An interactive and participatory methodology was adopted. Students prepared posters based on secondary sources and scientific understanding, followed by presentations that enhanced visual communication and subject clarity. The debate competition encouraged students to critically examine the motion by presenting evidence-based arguments from both the proposition and opposition sides.

Important insights emerged from the discussions, particularly the understanding that while awareness campaigns are essential for behavioral change, strict environmental policies ensure regulation and long-term environmental protection. The programme highlighted the need for an integrated approach combining public awareness with effective policy measures.
