Title: Thalassemia Detection Programme

Venue: Deshabandhu Mahavidyalaya

Date: August 2, 2019

Collaboration: Lions Club of Asansol Megacity

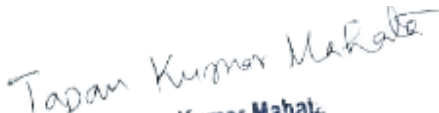

National Service Scheme, Deshabandhu Mahavidyalaya

On August 2, 2019, Deshabandhu Mahavidyalaya hosted a thalassemia detection program in collaboration with the NSS and the Lions Club of Asansol Megacity. The event aimed to raise awareness about thalassemia, a genetic blood disorder, and facilitate its early detection among students and staff. Experienced doctors and healthcare professionals were invited to share their expertise, providing comprehensive insights into the causes, symptoms, and management of thalassemia. The program included informative lectures, interactive sessions, and a Q&A segment, allowing attendees to gain a deeper understanding of the condition. Screenings were also conducted on-site to identify potential carriers and affected individuals. The event saw active participation from the college community, reflecting a strong commitment to health education. The collaborative effort of NSS and the Lions Club ensured the program's success, making a significant impact on promoting public health awareness.
