TITLE: AIR POLLUTION AWARENESS PROGRAMME

Date: 10/02/2022

Venue: Dabor Colliery Area and residents of Lohat Village, Samdi Gram Panchayat

No of Students Participated: 19

Objectives:

- Educate participants about the sources and impacts of air pollution on human health and the environment.
- Promote actionable steps and behaviours to mitigate air pollution and improve air quality.
- Adoptive community involvement and advocacy for policies and practices that reduce air pollution.

Beneficiaries : Residents of the Village

Programme outcome and impact:

Raising awareness and fostering action towards combating air pollution

Report:

In collaboration with the Internal Quality Assurance Cell (IQAC), the Eco-Club of Deshabandhu Mahavidyalaya organized an impactful awareness program on air pollution. The initiative aimed to educate the local community about the sources and consequences of air pollution on both human health and the environment. The active participation of Eco-Club members and Geography honors students, totaling 19 individuals, ensured the success of the program.

Eco-Club members and Geography honours students actively engaged with local residents, including colliery workers from villages like Lohat, Dabor, and Samdi. They initiated conversations about health issues stemming from air pollution, timing of colliery blastings, and the persistent problem of dust pollution in the area. Engagement with colliery workers and residents of nearby villages was a significant achievement of the program. By actively involving
