India, PIN – 713 331

TITLE: WATER CONSERVATION AND RAIN WATER HARVESTING

Date: 20/01/2023

Venue: Ethora, Ethora Gram Panchayat

No of Students Participated: 13

Objectives:

- To explore the importance of water conservation
- Implementation of rainwater harvesting techniques to address water scarcity challenges

Beneficiaries : Mainly villagers of Ethora

Programme outcome and impact:

- Raised awareness about water conservation and rainwater harvesting among community members
- Enhanced the capacity of community members to design, implement, and maintain rainwater harvesting systems through training and technical support

Report:

The rainwater harvesting initiative, conducted as part of the extension program of Deshabandhu Mahavidyalaya by Social Outreach and Community Development Cell of IQAC, aimed to address water scarcity challenges in the Ethora Gram Panchayat. In summer this extended part of Chhotonagpur plateau become dry. Water Scarcity is a common phenomenon of the region. Through educational outreach, technical assistance, and community engagement, the program sought to promote the adoption of rainwater harvesting techniques as a sustainable solution to water shortage issues.
