TITLE: AWARENESS ABOUT TUBERCULOSIS (TB) PREVENTION AND CONTROL

Date: 13.09.2018

Venue: Kalyangram

No of Students Participated: 12

Objectives:

The objective is to create awareness, educate, and equip participants with knowledge and strategies for tuberculosis (TB) prevention and control, contributing to public health and community well-being.

Beneficiaries : Local People of the village

Program outcome and impact:

1. Promote Early detection
2. Encourage preventive measures
3. Build awareness in community

Report:

Awareness Programme on Tuberculosis (TB) Prevention and Control was conducted by the students of Deshabandhu Mahavidyalaya on 13.09.18 at Kalyangram of Jitpur-Uttar Rampur Gram Panchayat. The aim of the programme was to educate participants about the prevention, identification, and control of tuberculosis, fostering awareness and promoting community involvement in the fight against Tuberculosis. People of this area considered Tuberculosis as social stigma. So, they refused to say anything about it. But students tried to discuss about the causes and preventive measures of the diseases.
