India, PIN – 713 331

Title of the Event: Identification and Conservation of Local Bio-Diversity

Number of Participants: 54

Date: September 22, 2022

Report:

On September 22, 2022, Eco-Club collaborated with IQAC Deshabandhu Mahavidyalaya, Chittaranjan, to host a workshop on the subject of identifying and conserving local biodiversity. The programme was launched by the college's esteemed principal, Dr. Tridip Santapa Kundu. Co-ordinator of the workshop was Dr. Mukul Kamle, assistant professor of geography and also the Convener of Eco-Club. Sri Arup Ghosh, a retired lab instructor from B.B. College in Asansol, Department of Botany, was the resource person. The major goals of this workshop were to establish a sense of bio-diversity and to recognise the various local tree and bird species and the value they bring to our everyday lives. The programme also focuses on conservation in addition to knowledge gathering. Additionally, waste management procedures were covered. The pupils classified and marked various tree species. About 45 geography students and teaching staff members from the departments of geography, English, Bengali, political science, and history participated in this programme. The fact that such a session was being held in a college filled the hearts of all the attendees.
