BEST PRACTICE VI

- 1. Title of the Practice:** Learn and Earn
- 2. Objectives of the Practice:** Encourage the potentially good students from financially weaker section of the society.
- 3. The Context:** It is seen that students with good potential from financially weaker families face difficulty to continue their studies. These students are encouraged to continue their studies by giving them an earning opportunity within the college.
- 4. The Practice:** Students are engaged in many ICT based office works as per their proficiency. They are rewarded with either fees waiver or with remuneration which ultimately helps them in continuing their education.
- 5. Evidence of Success:** Two successful case studies can be mentioned. Firstly, the college website dbmcrj.ac.in is an endeavour of three of our current students. This website is completely developed and managed by our own college students only. Secondly, the college premise is beautified with nice paintings by one of our students. These students are rewarded with a remuneration.
- 6. Problems Encountered and Resources Required:** This practice required a bit of finance from the college exchequer but the benefit generated out of the scheme helps the students immensely and boosts their morale to a great extent.
- 7. Notes (Optional)**
